TEAM BENEFITS

Hands-On Approach. Each member of the team is identified and selected to serve you with specialized expertise. We will bring the right people at the right time – providing conceptual and technical leadership in key meetings.

Expertise. We bring you the information and benefits from “best practices” and “lessons learned” from facilities and operations throughout the US. We know that experienced leadership matters in successful projects.

Proven Team. The Shive-Hattery Team offers you an integrated and multi-disciplinary team of experienced and talented facility planners, designers and engineers -- with an extraordinary depth of experience and knowledge of space planning, architecture, high performance engineering, cost estimating, and civil engineering gained through relevant project experience and research.
